Engraved Bricks \$50.00

In remembrance of someone who has passed, or in celebration of someone living, our engraved bricks are a wonderful way to honor a loved one and support the Garden. The bricks are placed around the Garden and are versatile enough to commemorate an anniversary, an organization, a business, or even honor children & grandchildren.

Your brick will include an inscription of your choice, which may be up to 3 lines, with up to 13 characters per line (including spaces & punctuation). Most symbols, including hearts, can be used (as silhouettes). For example, memorial bricks typically use "Remembering" as a first line, and "Honoring" or "In honor of" are typically used for a living person. (Please complete the back of this form.)

Please fill in the inscription as it will be engraved below:
